

PHAN VAN PHU

FULL-STACK DEVELOPER

Noi, Viet Nam | 0869856822 | nostarwhere.pc@gmail.com

Summary

Experienced Full-Stack Developer with 6 years in the industry, delivering scalable and high-impact solutions across mobile and backend ecosystems. I bring **6 years of React Native** expertise and **2 years each in Flutter, Swift, and Java**, enabling seamless cross-platform and native mobile app development. On the backend, I have **1 year of Node.js experience** building robust APIs and automation tools.

I'm well-versed in **AI-assisted development** using tools like **Cursor, MCP, and n8n**, which I leverage to accelerate productivity and build intelligent workflows. Skilled in Git, CI/CD pipelines, and DevOps practices, I ensure smooth integration, deployment, and maintainability across projects. Passionate about crafting end-to-end solutions that balance performance, scalability, and user experience.
